

Abhay Garodi

Software Developer

+91 9552281892 abhaygarodi365@gmail.com [GitHub](#) [LinkedIn](#) [Portfolio](#)

OBJECTIVE

Aspiring Full Stack Java and Web Developer with hands-on experience building scalable web applications using Spring Boot, React, and MySQL. Proficient in microservices architecture, REST API development, and agile practices. Seeking to leverage strong problem-solving skills and a passion for clean, maintainable code to contribute to impactful software solutions.

EDUCATION

Kavayitri Bahinabai Chaudhari North Maharashtra University, Jalgaon Dec 2022 – Jun 2025
B.E. in Electronics and Telecommunication Engineering (CGPA: 8.37/10)

Maharashtra State Board of Technical Education, Mumbai Aug 2019 – Jun 2022
Diploma in Computer Engineering (Percentage: 79.26/100)

INTERNSHIPS

Friends Union For Energising Lives (FUEL), Pune Jan 2025 – Feb 2025
Core Java Training & Intern

- Completed intensive Java training: built hands-on OOP projects covering inheritance, polymorphism, and collections.
- Enhanced soft skills, teamwork, and discipline through LinkedIn Learning and internship-based activities.

Web Development Intern Sep 2024 – Oct 2024

Zidio Development, Bengaluru

- Designed and shipped user-facing interfaces for collaborative web projects using HTML, CSS, and JavaScript.
- Strengthened front-end development skills while contributing to key projects and building a strong foundation in web development.

PROJECTS

Micro-Donation Platform for School Fees & Medical Bills [\(Link\)](#) November 2025 – January 2026

Tech Stack: React.js, Bootstrap, Axios/Fetch, React Router, Spring Boot, Spring Security, Hibernate/JPA, MicroServices, MySQL

- Developed a secure micro-donation platform enabling transparent contributions toward verified school fees and medical bills.
- Implemented role-based authentication and authorization using Spring Security with JWT for donors and administrators.
- Designed RESTful backend services using Spring Boot and Hibernate/JPA to manage users, campaigns, and transactions.
- Built a responsive React frontend with routing and dashboard visualizations to track donations and impact.

Smart-Expense-Tracker-app [\(Link\)](#) November 2025 – December 2025

Tech Stack: HTML5, Cascading Style Sheets (CSS), JavaScript, React.js

- A user-friendly Expense Tracker built using React.
- It allows users to add new expenses, view them in a clean card layout, and delete entries when needed.
- The app features a modern UI with formatted dates, amount display, and a smooth data-handling flow using React hooks.

Hotel Reservation System [\(Link\)](#) October 2025 – November 2025

Tech Stack: Core Java (OOPs), JDBC, MySQL, Eclipse IDE

- Developed a console-based Hotel Reservation System using Core Java and OOP concepts for managing rooms and bookings.
- Implemented JDBC to connect the application with a MySQL database for storing and retrieving data.
- Built a menu-driven interface with input validation, CRUD operations, and clear prompts for seamless user interaction.

TECHNICAL SKILLS

Programming Languages: C, C++, C#, Java (SE8+), TypeScript, PHP, Shell Scripting

Web Technologies: HTML5, CSS3, AJAX, XML, JSON, React.js, Bootstrap, jQuery

Libraries / UI Frameworks: Bootstrap, JSTL, jQuery | Version Control: Git, GitHub, CI/CD, Maven

Backend & Server Technologies: Servlets, JSP, JDBC, REST APIs, Web Services, Microservices, Spring Data JPA

Tools & IDEs: VS Code, Eclipse IDE, Visual Studio, MySQL Workbench, Postman, Git Bash, Linux

Software Development Methodologies: Agile, Scrum, Jira, UML, SDLC, OOP, Design Patterns

Testing Skills: JUnit, Selenium (Basics), Test Cases, SDLC/STLC concepts

AI & Automation: Prompt Engineering, LangChain, n8n, OpenAI API, Google Gemini, LLM Integration

CERTIFICATIONS

- Diploma in Advanced Computing (DAC) – Centre for Development of Advanced Computing (**CDAC**), Hyderabad
- Mastering Java + Spring Boot: REST APIs and Microservices – **Udemy**
- What Is Generative AI? – **LinkedIn Learning**
- Tata Imagination Challenge 2024 – Student Track, organized by **Tata Group**

ACHIEVEMENTS

- Participated in **Tata Imagination Challenge 2024** – Student Track, organized by Tata Group.
- Finalist in **Smart India Hackathon** (SSBT College): Contributed to an innovative full-stack solution.
- Active GitHub profile with **multiple repositories**; consistently contributing to open-source and personal projects.
- Built and deployed a **full-stack portfolio website** using React and Vercel for production hosting.

LEADERSHIP & EXTRACURRICULAR ACTIVITIES

- Coordinated and managed all activities of the **Milestone Event 2024** during a Hackathon.
- Completed a **5-day Soft Skills Training** program by Rubicon.
- Actively participated in **college technical fests** and coding competitions.
- Mentored junior students on **Java fundamentals** and project development best practices.
