

ABHAY GARODI

Software Developer | Java | Spring Boot | Python | FastAPI | React Native | Full Stack Developer

Phone: +91 9552281892 Email: abhaygarodi365@gmail.com GitHub: abhaygarodi LinkedIn: abhaygarodi Portfolio: abhay-portfolio

PROFESSIONAL SUMMARY

Software Developer with experience in Java, Spring Boot, Python, FastAPI, React Native, Next.js, REST APIs, PostgreSQL, Git, Docker, and Kubernetes. Skilled in backend development, API integration, debugging, performance optimization, authentication, and enterprise application development. Strong interest in full-stack development, automation, and building scalable solutions for product and business applications.

EXPERIENCE

Junior Software Developer <i>Ravulapati TechHub Pvt. Ltd., Hyderabad, Telangana</i> - Developed UI components and user flows for mobile and enterprise applications using React Native and modern frontend practices. - Contributed to ImpactSuite AI, a multi-service platform for field-force automation, analytics, and enterprise workflows. - Built and maintained backend services using Java, Spring Boot, Python, and FastAPI for authentication, business logic, REST APIs, and integrations. - Resolved bugs, improved application performance, and optimized workflows to increase reliability, maintainability, and operational efficiency.	Mar 2026 – Present
---	--------------------

EDUCATION

PG-Diploma in Advanced Computing (DAC) <i>Center for Development in Advanced Computing (CDAC), Hyderabad Percentage: 65/100</i>	Sep 2025 – Feb 2026
B.E. in Electronics and Telecommunication Engineering <i>Kavayitri Bahinabai Chaudhari North Maharashtra University, Jalgaon CGPA: 8.37/10</i>	Dec 2022 – Jun 2025
Diploma in Computer Engineering <i>Maharashtra State Board of Technical Education, Mumbai Percentage: 79.26/100</i>	Aug 2019 – Jun 2022

INTERNSHIPS

Core Java Training & Intern <i>Friends Union For Energising Lives (FUEL), Pune</i> - Completed intensive Java training: built hands-on OOP projects covering inheritance, polymorphism, and collections. - Enhanced soft skills, teamwork, and discipline through LinkedIn Learning and internship-based activities.	Jan 2025 – Feb 2025
Web Development Intern <i>Zidio Development, Bengaluru</i> - Designed and shipped user-facing interfaces for collaborative web projects using HTML, CSS, and JavaScript. - Strengthened front-end development skills while contributing to key projects and building a strong foundation.	Sep 2024 – Oct 2024

PROJECTS

ImpactSuite AI Platform (Under Development) <i>Tech Stack: Java, Spring Boot, Python, FastAPI, Next.js, REST APIs, PostgreSQL, JWT, Git, Docker/Kubernetes</i> - Contributed to ImpactSuite AI, a monorepo-based enterprise platform combining Spring Boot services, Python/FastAPI AI capabilities, and Next.js portals. - Worked on authentication, tenant/business logic, and API integrations across backend services to support platform functionality. - Supported debugging, bug fixing, and performance optimization to improve system reliability, maintainability, and efficiency. - Helped strengthen the platform's backend foundation for admin, tenant, and analytics-oriented user experiences.	Mar 2026 – Present
Shanmukha App & Portal (Link) <i>Tech Stack: React Native, Next.js, FastAPI, REST APIs, UI/UX, Mobile & Web Application Development</i> - Contributed to the development of the Shanmukha mobile application and portal for enterprise and field-force operations. - Built and improved role-based user workflows, business modules, and responsive UI components across mobile and web interfaces. - Integrated API-driven features for data handling, authentication, reporting, and user interaction in a scalable application environment. - Focused on delivering consistent user experience, maintainable code, and reliable functionality across the application ecosystem.	May 2026 – Present
Micro-Donation Platform for School Fees & Medical Bills (Link) <i>Tech Stack: React.js, Bootstrap, Axios/Fetch, React Router, Spring Boot, Spring Security, Hibernate/JPA, MicroServices, MySQL</i> - Developed a secure micro-donation platform enabling transparent contributions toward verified school fees and medical bills. - Implemented role-based authentication and authorization using Spring Security with JWT for donors and administrators. - Designed RESTful backend services using Spring Boot and Hibernate/JPA to manage users, campaigns, and transactions. - Built a responsive React frontend with routing and dashboard visualizations to track donations and impact.	November 2025 – January 2026

TECHNICAL SKILLS

Programming Languages:	Java, Python, C, C++, C#, TypeScript, PHP, Shell Scripting
Frontend & Web:	React Native, Next.js, React.js, HTML5, CSS3, JavaScript, Bootstrap, jQuery, REST APIs
Backend & Frameworks:	Spring Boot, FastAPI, Microservices, RESTful APIs, Hibernate/JPA, JDBC, Spring Security, JWT
Databases & DevOps:	PostgreSQL, MySQL, Git, GitHub, Maven, Docker, Kubernetes, CI/CD, Postman
Methodologies & Tools:	Agile, Scrum, Jira, UML, SDLC, OOP, Design Patterns, JUnit, Selenium Basics
AI & Automation:	Prompt Engineering, LangChain, n8n, OpenAI API, Google Gemini, LLM Integration

CERTIFICATIONS

- Anthropic Claude 101 – Received certification for Anthropic Claude 101
- Mastering Java + Spring Boot: REST APIs and Microservices – Udemy
- What Is Generative AI? – LinkedIn Learning
- Tata Imagination Challenge 2024 – Student Track, organized by- Tata Group
- SQL (Advanced) - HackerRank

ACHIEVEMENTS

- Participated in Tata Imagination Challenge 2024 : Student Track, organized by Tata Group.
- Finalist in Smart India Hackathon (SSBT College): Contributed to an innovative full-stack solution.
- Active GitHub profile with multiple repositories: consistently contributing to open-source and personal projects.
- Built and deployed a full-stack portfolio website using React and Vercel for production hosting.

LEADERSHIP & EXTRACURRICULAR ACTIVITIES

- Coordinated and managed all activities of the Milestone Event 2024 during a Hackathon.
- Completed a 5-day Soft Skills Training program by Rubicon.
- Actively participated in college technical fests and coding competitions.
- Mentored junior students on Java fundamentals and project development best practices.
